HOW TO MEASURE

Every body is unique in shape and size, so knowing how to measure yourself correctly is key to finding the perfect-fitting shirt.

1. Collar

Place the tape measure around the base of your neck where your collar would naturally sit. To ensure a comfortable fit, place two fingers between your neck and the tape, and then round up to the nearest inch or centimetre to get your measurement.

2. Chest/bust

Place the tape measure over the widest part of your chest/bust under your arms and around the back. Make sure the tape is level and snug, but comfortable. Round up to the nearest inch or centimetre to get your measurement.

Once you know these critical measurements, follow our useful size guides to help you find the right size.
